PROGRAMME.

The Exhibition will open on Wednesday, the 21st day of September, and continue open until 2 P. M. on Friday, the 30th of September.

The Industrial and Mechanical Departments of the Exhibition will be open to the public on Thursday, the 22nd of September, at two o'clock in the afternoon, and will be on view from the opening to the close. The show of Horses, Cattle, Sheep, Pigs, Poultry, Agricultural and Dairy Products, Fruit and Flowers will take place during the second week, when all departments of the Exhibition will be in operation.

General Rules and Regulations.

Intending Exhibitors and Visitors are particularly requested to read carefully, and consider the following Rules and Regulations governing the Exhibition, which will be, in all cases, strictly enforced:

- I. The Exhibition Grounds and Building will be opened on Tuesday, September 20th, at sunrise, and continue open during the day till sunset, for the reception and arrangement of Exhibition Articles. Exhibitors, on arrival, will immediately report themselves at the office to the Manager, who, with the assistance of the Committees of Management, will allot appropriate pens or spaces for their exhibits. This day, none but members of the General Committee, officials, exhibitors and necessary attendants, will be admitted. (Exhibitors of bulky articles requiring to be placed on the ground, or in the building during the previous week, will be permitted to do so on special application beforehand.) *See Rule 13.*

2. Live Animals, Fruit, Flowers, and perishable articles, will be received up to Tuesday morning, 27th September, at 9 o'clock; unavoidable delays to be dealt with at the discretion of the Committee, who, however, cannot undertake to defer the work of the Judges on account of late arrivals.

3. The Exhibition Building will be opened to the public on Thursday, September 22nd, at 2 o'clock, p. m., and will be open each succeeding day to visitors, from 9 a. m. to 6 p. m. Admission, 25 cents each time on entering; children under 12 years of age, 10 cents. Military Bands of Music will be in attendance daily. The Grand Public opening will take place on Tuesday, 27th September, at 2 p. m., when all Departments of the Exhibition will be fully open. The cattle-yards will be closed to the public every evening at sunset. The main building will remain open till 10 p. m.

4. The Judges in Manufactures, Arts, Implements, and Machinery, will meet at the Secretary's office on Thursday, 22nd September, at 9 a. m., and the Judges of Live Stock of all kinds, Fruit, Agricultural and Dairy Produce, will meet on Tuesday, September 27th, at 9 a. m. to obtain entry books, and proceed to award premiums. On completing their work, they will personally show their books to the Manager or Secretary, and will be furnished with the requisite prize-tickets, which it will be their duty to place carefully, and as soon as possible, upon the various articles, before giving up their books and report.

5. The Judges, Members of Committee, and Members of the Press, will be furnished with badges.

6. Exhibits may be removed from the grounds on Friday afternoon, September 30th, at 3 o'clock, immediately after closing. The Treasurer will commence to pay premiums on the grounds at 9 o'clock, a. m., on Friday. Prizes not claimed within three months from the close of the Exhibition, will be forfeited.

7. Every intending competitor must transmit to the Secretary, not later than the dates mentioned below, an entry paper containing a correct list of the animals or articles which he intends to exhibit, together with certificate of pedigree in the case of thoroughbred stock, or else a reference to the registry number of any recognized Stock Register. Any competitor failing to transmit his entry paper at the proper time, will be excluded from competition. No fee is charged for the entry of animals or articles. In Class II, no animal will be accepted as thorough-

bred, unless actually registered in a recognized Herd Book Register. Entry papers may be obtained on application to the Secretary of the Exhibition.

8. Horses, cattle, sheep, swine and poultry must be entered on or before Monday, September 5th, three weeks preceding the Exhibition, and the age of each animal should be stated in years and months, at the date of Exhibition; the precise date of birth to be given when necessary.

9. Plants and flowers, fruit, grain, roots, vegetables and other field and garden products, agricultural implements, manufactures of all kinds, and articles not elsewhere enumerated, may be entered up to Tuesday, September 13th, one clear week preceding the Exhibition.

10. In order to prevent unnecessary labor and loss of time, exhibitors, are particularly requested to *enter only such articles* as they intend to exhibit.

11. Exhibitors will please take notice that it is absolutely required that the entries be made at the dates above mentioned, in order to afford sufficient time to examine the entry papers, and to correspond with parties, when necessary, for the correction of errors and omissions; and no exception will be made to this rule, unless on payment of \$1.00 for each entry, and by special permission of the Committee.

12. Competitors failing to exhibit animals or articles, which they have entered, will forfeit a fee of 50c. for every such entry, to be deducted from their prize-money, or paid by them.

13. Exhibitors of bulky articles, requiring extensive accommodation, must communicate with the Manager on or before Monday, September 5th, stating what space they will require, in order that there may be time for the Committee to make the requisite arrangements.

14. All articles for exhibition must be on the grounds on Tuesday, September 20th, after which day none will be received, except live stock, agricultural, garden, and dairy produce, fruit, flowers and other perishable articles, which will be received up to 9 o'clock on Tuesday morning, September 27th. All necessary erections, and bulky articles requiring to be put together on the grounds or in the buildings, must be finished, and all waste material and rubbish removed, not later than 12 o'clock, noon, on Saturday, September 17th, as no such work can be permitted during the Exhibition.

15. Exhibitors will, in every case, give the necessary personal attention to whatever they exhibit. Necessary Attendants upon live stock, and workmen actually required to attend to machinery, will be furnished with admission tickets with their names written upon them, which tickets will be good at the *Exhibitor's gate only*, during the Exhibition, such tickets to be obtained from the Secretary, by personal application, and on Certificate from the Chairman of the Department, or the Manager; that the services of the Attendant are necessary.

16. All articles for competition, shall be the production or manufacture of the exhibitor; field produce must be the growth of 1881, except where otherwise specified; and all live stock must have been owned and kept in Canada by the exhibitor not less than three months prior to the exhibition.

17. All expenses incurred for the conveyance of articles or animals, to and from Halifax, placing them in the exhibition, and maintaining them while there, shall be borne by the exhibitors, who must likewise undertake all risk of loss or damage. Articles must, in every case, be delivered and unpacked, free of expense to the Committee.

18. In class IX, and for all miscellaneous exhibits, similar to those embraced in this class, "delivery checks" will be furnished when such articles are given in charge of exhibition officials, and no such exhibits can be removed from the building, unless these "delivery checks" are presented to those in charge of the department.

19. Arrangements have been made with the Customs Department for the admission of articles from foreign countries for exhibition free of duty, on giving the customary bond.

20. The entry tickets upon animals or articles, will admit the person bringing them to the grounds for exhibition, along with such animals or articles without the use of any other ticket. Afterwards such persons must provide themselves with tickets.

21. When fewer than three competitors appear for any prize, and where the articles exhibited are not of superior merit, the judges shall have the discretionary power of awarding or withholding prizes, or reducing their values. No article can take two prizes, or be exhibited in two collections, unless the contrary is distinctly expressed in the prize list. In estimating the merits of live stock, the judges are requested to take age into consideration, where animals of different ages are competing against each other.

22. No person shall be allowed to enter for exhibition more than one specimen (or required quantity) in any one section. This rule is not to apply to animals.

23. On the entry of each animal or article, a card will be furnished the Exhibitor by the Secretary, specifying the class, the section, the number of the entry, and the name of the exhibitor, which card must remain attached to the animal or article during the Exhibition. If removed previous to the close of the Exhibition, the prize will be forfeited.

24. In all cases the right is reserved to reject entirely or accept conditionally, any entry or application, and under no circumstance will articles which are offensive by their odor or appearance, or which are dangerous by reason of their combustible or explosive character, be admitted; and, if any such be introduced by an exhibitor through misapprehension or otherwise, they may be removed by order of the Committee.

25. Manufactured articles which have been awarded prizes at Exhibitions in former years, shall not be entered in competition for the prizes named in the prize list for this year, but shall be awarded diplomas, if, in the opinion of the Judges, such articles are superior to any others exhibited, and are deemed worthy of the same.

26. During the Exhibiton, all vegetable products and manufactured articles shall be under the control of the Chairmen and Sub-Committees of the respective Departments, and of the Exhibition Manager, and all live stock shall be taken charge of by their owners, the officials giving all practicable assistance in providing the necessary accommodations and food. Hay, straw, oats, and roots will be supplied on the grounds, at reasonable prices, and there will be a free supply of water.

27. The regular times for watering horses, cattle, &c., during the Exhibition are between sunrise and 9 a. m.; between 1 and 2 o'clock, and after five o'clock, p. m. Exhibitors and attendants will not be allowed to lead their animals to water, or to carry water over the grounds at any other times. Forage and other necessary supplies, must be taken into the sheds before 9 o'clock in the morning, or between five and six o'clock in the afternoon. Carts will be sent round every morning before 9 o'clock to remove manure, &c. It is expected that all grooming and other work will be completed by 10 o'clock, a. m., and that attendants will thereafter remain with their horses and cattle,

and be prepared to show them to visitors, and to give any necessary information that may be required by the Judges or the public.

28. Articles exposed for sale may have the prices affixed, and be sold by the owners, or by parties appointed by them for that purpose, but cannot be removed till the close of the Exhibition. No Auctioneer will be allowed to sell animals or articles on the grounds, or in the building, without the written permission of the Manager or Secretary of the Exhibition Committee, and the time and place of sale specified in such permission must be strictly adhered to.

29. Articles and animals sent for competition or exhibition, shall not be removed from the exhibition rooms or grounds till after the close of the Exhibition, under forfeiture of any prizes or awards that may have been made to their respective exhibitors.

30.
